

## Secabo TC M heat press

With the Secabo TC M heat press, mugs and other round items can be printed on using sublimation or other transfer technologies. The Secabo TC M mug press is a heat press for both entry-level and professional users. With its digital timer and temperature controls it is very easy to use

### feature overview:

#### digital controllers

Time and temperature can easily be set and controlled by the digital controllers.

#### WarrantyPLUS optional

Optional Express Service WarrantyPLUS 12 or 24 months for a simple replacement of the device in case of damage.

#### big working space

With the high clam angle of 50° objects can be aligned precisely

#### variable pressure

the pressure can easily be adjusted - depending on the technology and object

#### safe use

The safety and quality of the machines is permanently controlled by German safety standards

#### little hysteresis

The temperature controllers reduce temperature fluctuations to a minimum

### technical data:

heat press:	Secabo TC M
type:	mug press, mug heat press
max. mug height:	12,5cm
mug diameter:	8.0 cm to 9.0 cm
max temperature:	260°C
max time setting:	9999s
power supply:	230V / 50Hz - 60Hz, 280W
environment:	+5°C - +35°C / 30% - 70% humidity
Weight:	15kg
dimensions (w x h x d):	38cm x 18cm x 38cm
scope of delivery:	heat press, cable, manual
