

Secabo TS 7 swingaway heat press

Practical punch scissors for cutting out circles from printed paper for circular badges. Available for 25mm and 37mm badges. The actual diameter of the circle is 35mm and 48,5mm. The scissors are handy, smooth and easy to use.

feature overview:

digital controllers

Time and temperature can easily be set and controlled by the digital controllers.

WarrantyPLUS optional

Optional Express Exchange Service WarrantyPLUS 12 or 24 months for a simple replacement of the device in case of damage.

big working space

The heat press can be opened up to 120° to work easily and safely

variable pressure

the pressure can easily be adjusted - depending on the technology and object

safe use

The safety and quality of the machines is permanently controlled by German safety standards

exact temperature distribution

The high-quality heat plate ensures an exact temperature distribution over the whole heating plate

little hysteresis

The temperature controllers reduce temperature fluctuations to a minimum

technical data:

heat press:	Secabo TS 7
type:	swingaway heat press
working area:	40cm x 50cm
max temperature:	260°C
max time setting:	9999s
max pressure:	350g/cm ²
pressure setting:	Height adjustment base plate
power supply:	230V / 50Hz - 60Hz, 2,5kW
environment:	+5°C - +35°C / 30% - 70% humidity
dimensions (w x h x d):	64cm x 52cm x 58cm
scope of delivery:	heat press, cable, manual

available accessories:

Secabo dual plate extension for TS 7 heat press - With the dual plate extension for the TS 7 swing away heat press, the TS 7 becomes a highly productive double plate press. The extension with an additional height-adjustable fully functional base plate with 40cm x 50cm is simply mounted below the existing TS 7 heat press and has an angle of 120° to the original plate. By optimising preparation, working efficiency can be almost doubled.

Silicon mats for protection of transfer elements - Heat-resistant mats made of silicone can be used as an adjustment to unevenness and as protection for sensitive surfaces during the heat press process. Thickness: 1mm, available formats: 30cm x 40cm, 40cm x 40cm, 40cm x 50cm, 40cm x 60cm.

Heat plate protection with PTFE-coating - Self-adhesive, fiberglass film with PTFE-coating. As replacement for damaged or worn out, non-stick coated heat presses. Suitable for all common heat press models. Strength: 150µm. Available formats: 28cm x 38cm, 38cm x 38cm, 40cm x 50cm.

cross laser - Mit den flexibel einsetzbaren Kreuzlasern von Secabo lassen sich sowohl Textilien und andere Objekte als auch Transferelemente wie Flexfolien, Sublimationspapiere u. ä. einfach und reproduzierbar positionieren. Erhältlich als Tisch- und Standversion, jeweils mit einer oder zwei Kreuzlaser-Dioden.
