

Secabo C60III vinyl cutter

The Secabo C60III is a professional drag knife vinyl cutter for sign vinyl, garment vinyl and other media with a width of up to 72cm. It suits all professional requirements of the signmaking industry. The solid machine with very good specifications can be used for large volume cutting jobs. The illuminated display and the big coloured buttons make it very easy to use. The machine is used with the supplied FlexiStarter software and comes with stand. The machine is very silent, so it can be used in offices, too.
